

Product information

Felgenreiniger Premium

PI 8/08/26/2026

Description

Highly effective rim cleaner with a practical dirt indicator. Ideal for intensive cleaning of all types of vehicle rims. Effortlessly and gently removes brake abrasion, rubber and oil residues and other dirt. The gel-like consistency adheres longer to the rim, where it unleashes its full power and dissolves even extreme dirt. Shines even in the cold with strong cleaning performance. Acid-free and pH skin-neutral.

Properties

- excellent cleaning performance
- highly effective gel formulation
- very powerful wetting effect
- pH-neutral to skin
- does not contain acids
- with dirt indicator

Available pack sizes

750 ml Spray bottle plastic 23113
CS-DA-FI-NO-PL-RU-SV

Our information is based on thorough research and may be considered reliable, although not legally binding.

Technical data

Form	liquid
Color / appearance	colourless, clear
Odor	slightly perfumed, product-specific
pH value	5,3
Density at 20 °C	1,12 g/cm ³

Areas of application

For all types of rims. Also suitable for sensitive rims due to its gentle formulation. Do not use on repainted rims. Suitable for wheels with TPMS (Tire Pressure Monitoring System).

Application

1. Spray the rim cleaner evenly onto the dirty rims. 2. Allow to act for 3-5 minutes, depending on the degree of dirt, but do not allow to dry. 3. For stubborn dirt, scrub with a sponge or brush. 4. To confirm that the cleaning process is complete, simply check the color: the rims should be entirely purple. 5. Rinse the rims thoroughly with a pressure washer. Note: Do not use on hot rims or in direct sunlight! For sensitive surfaces, test the product on a small, inconspicuous area first to make sure the product is compatible with the surface! Protect from frost!
